

Track at Liberty Middle School

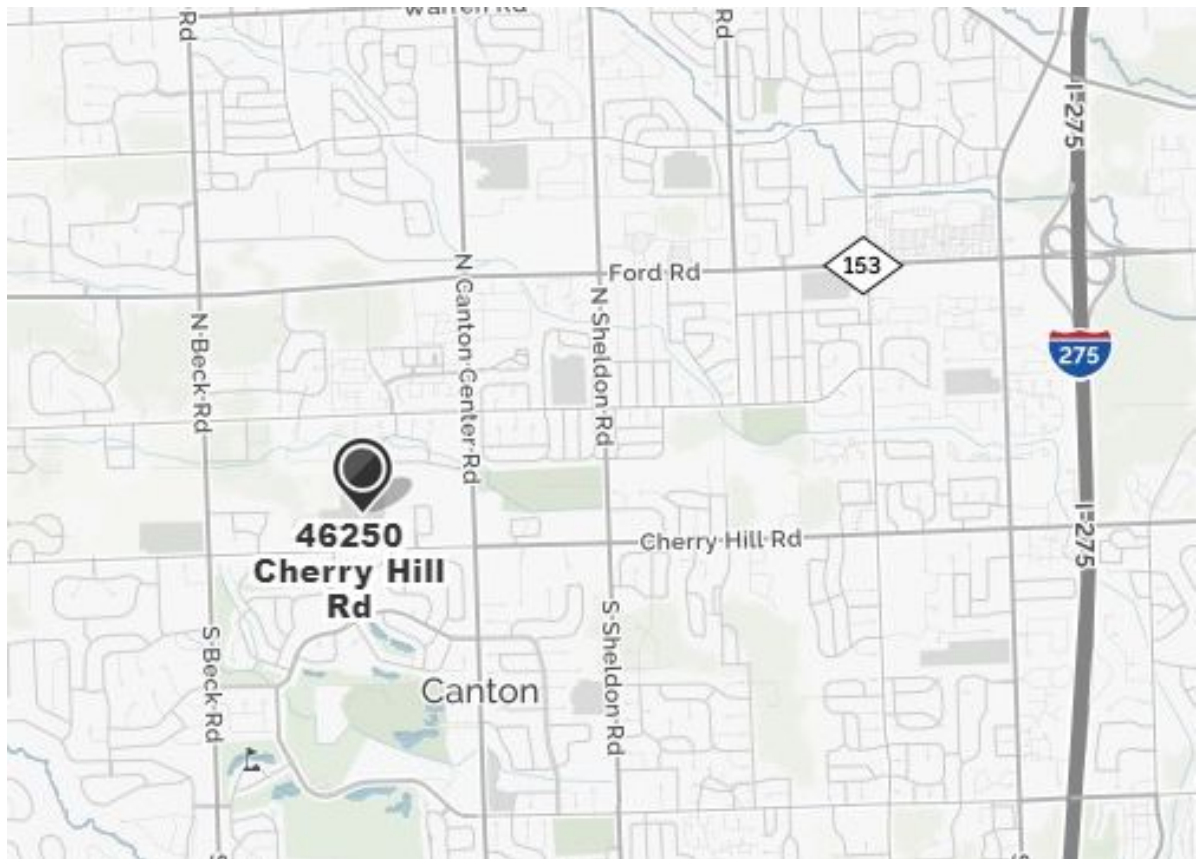

Friday, 7-13-18, 8:00 am – 4:00 pm

The track competitions include typical track races, some specialized unicycle races, and the obstacle course (IUF Slalom).

All of the track races have a maximum wheel size and minimum crank length. There is box that your tire must fit inside for the unicycle to be legal. For most riders, the wheel must not be more than 24", and the crank arm length must not be shorter than 125mm. For riders 10 years of age or less (who choose to ride in the 20" category), the wheel must not be more than 20", and the crank arm length must not be shorter than 100mm.
